

Habit-Art

The upland habitat has different plants growing in it which is why there are lots of colours when you look at it. Below are some different styles of art showing the upland habitat. Can you create your own artistic painting or collage of the uplands? Maybe try finger painting or tear up and stick down images of a magazine or bits of old clothes to make a masterpiece! Don't forget to share your artwork with us!

If you prefer, use the Habit-Art Template to get started with your masterpiece.
