

True or False: Our Amazing Oceans

Test how much you know about our amazing oceans in our 'True or False' activity below. Choose two different coloured pencils. Use one colour for a statement if you think it is true, and the other colour if you think it is false.

The answers are on the 'Our Amazing Oceans' fact sheet. Good luck!

Key:

True

False

Statements:

Half of our planet is covered by oceans, and half by land.

There are rivers, waterfalls, lakes, and our planet's longest mountain range is found under the ocean's surface.

94% of all life on our planet lives in our oceans!

We have explored nearly all of the oceans and know a lot about them.

Nearly $\frac{3}{4}$ of the oxygen we breathe comes from oceans.

More people have been to the Moon than have been to the deepest part of our oceans, the Mariana Trench!

The Atlantic Ocean is the largest ocean.
